ABOUT ME

After graduating I decided to proceed towards my passion for programming. Applying my expertise, I've developed several software applications and actively contribute to open-source projects, demonstrating my dedication to the field. Now, I am actively seeking placements or internships as a front-end developer, eager to bring my dedicated effort and positive, amicable presence to your esteemed team.

EXPERTISE SKILL

- HTML
- CSS
- Javascript
- Typescript
- React js
- Jest
- Next js
- React native
- Node js
